

Chelmsford Library Surname Database

The Chelmsford Library Surname Database was created by the Chelmsford Genealogy Club and is open to the Chelmsford community and surrounding towns. The purpose of the database is two-fold. When you enter your family surnames into the database you may be hoping to find ancestors/descendants of your family name that can provide you with more information. On the other side by posting your names you may be able to help someone else who is looking for details about their relatives. Names can be submitted at any time.

You can access the Surname Database through the library website at:

<http://www.chelmsfordlibrary.org/genealogy>

To submit your names to the Surname Database:

Send form via E-mail to **Linda Coles** at CGC.Surname@gmail.com,
hand in at a meeting/event, or put in Genealogy Club mailbox located in library office.

First name is a sample of format to be used
