** White Goods without Freon include: washers, dryers, stoves, dishwasher, trash compactors, hot water heaters.

Appliance Recyclers is willing to take other items (call for prices). Prices above will be effective July 1, 2008 through June 30, 2010.

See reverse for how program will work.

Printed on 30% recycled paper.

How the program will work:

1. Residents will call Appliance Recyclers, Inc. at **877-228-2898** (toll free) and tell them what needs to be collected.
2. Appliance Recyclers, Inc. will take payment either by mailed check, credit card or online through their website at www.applrecyl.com.
3. Appliance Recyclers, Inc. will tell the resident when they will be in town for collections. Collection will be no more than two weeks from the date the service is requested.
4. The resident must put the item(s) at the curb on the designated morning by 7:00 a.m. **Residents disposing of refrigerators and freezers MUST remove the doors before putting them at the curb!**
5. If collection is scheduled for the same day that the resident's trash and/or recycling is scheduled for collection, residents must place items to be collected by Appliance Recyclers, Inc. separately from the trash/recycling so that there is no confusion as to what is what.
6. If the items are not collected as scheduled, the resident should call Appliance Recyclers, Inc. as soon as possible to report the missed collection. Residents should call the Office of Recycling and Solid Waste at 978-250-5203 to report missed collections.
7. Residents of multifamily properties that do not have curbside trash and recycling collection (i.e., those that have dumpsters for trash, totes for recycling) should find out from their property manager where these items should be placed for collection by Appliance Recyclers, Inc. No items should be placed in such a way that they will interfere with the ability of the trash and recycling haulers to empty the dumpsters and totes.

Questions? Contact the Office of Recycling and Solid Waste: 978-250-5203.
